Sleep Apnea Therapy & Products

Rest, Refresh, and Renew Before the Holidays

Give the Gift of Better Sleep! Treat yourself — or someone special — to the comfort of fresh CPAP supplies. We're here to help so you can relax, recharge, and rest easy through the holidays.

Stocking Stuffers for Better Sleep

- Give the gift of comfort this season! Small CPAP accessories make great stocking stuffers — both for yourself and for the CPAP user in your life.

Maximize Your Benefits Before They Expire

- Many extended health plans reset in January, which means any unused coverage for CPAP masks, tubing, or supplies will disappear at year-end.
- Tip: Most manufacturers recommend replacing your mask and tubing every 6–12 months for best performance and hygiene.

Bonus Tip: Holiday Travel?

- Ask about compact travel CPAP units, battery packs, or travel wipes to make your trip stress-free and compliant.

Wishing you cozy nights and refreshed mornings this winter

-Your MedPro Team

Products

CPAP Wipes

- Fastest refresh for your mask when you're running on fumes!
- Formulated for your CPAP mask's silicone: no shortcuts in cleanliness, just time gained back.
- unscented or refreshing citrus options
- Travel pack (10 wipes) – perfect for on-the-go
- Canister (70 wipes) convenient for home use
